SQUARE EDGE
COMMUNITY

WELCOME

Square Edge Community Arts warmly welcomes you to the **Art Trail Manawatu 2018**. This is your guide to a weekend of creative intrigue and inspiration. We acknowledge and thank the funders and supporters of this event for making it happen.

“**Square Edge Community Arts** is proud to provide this opportunity for you to see, experience and enjoy the exciting art that is created here in and around our city.

As the Chair of Square Edge Community Arts (SECA), I am delighted that, after the success of the 2017 Art Trail, the Board agreed to have the event repeat to showcase the vibrant variety of arts and artists residing in our region. I hope you too, will be excited to discover emerging artists, visit well-established artist's studios and find pieces of art to treasure.

I do hope you will enjoy meeting and chatting with makers and creators, and knowing that your interest will in turn make their day. I know I will.

So, make a weekend of it, bring along your friends to discover the lovely Manawatu region and its many artists.”

Gunhild Litwin
SECA CHAIR

“Behold, the **2018 Art Trail Manawatu Guide!** Thank you to those returning and a warm welcome to new artists and studios. Once again we have a wondrous line up of creative talent willing to open up private homes and spaces, for trail goers to experience art and art making environments first-hand.

For an artist, doing what they love can often feel like a long, hard, lonely road. The Art Trail provides the opportunity for emerging artists and established artists to come together, to celebrate their creativity and be very accessible to the public. Artists are also able to put into practice skills required in business, including valuing themselves and their creations.

This year we teamed up with CEDA (Central Economic Development Agency), to create a series of four business workshops titled ‘Artivate’. These workshops brought some of our top Manawatu business minds and mentors to speak business to artists in artist language. Now, concepts and initiatives wait at the ready for SECA to bring to life (post-Art Trail) to keep moving our Manawatu creatives forward in their practice.

Thank you all for showing your support to our art community and to the wider Manawatu collective well-being by being a Trail Goer. I do wish you the very best weekend artists and trail goers alike. Please share with us your experiences, so SECA can continue to build this wonderful event to its full potential. ”
