EXHIBITION OPENING

2025 Trail Mix Showcase

Friday 3rd October

Square Edge Arts Centre,
entertainment and
refreshments from 5pm.

 Square Edge Community Arts
 @squareedgecommunityarts
www.communityarts.org.nz

Nau mai, haere mai, welcome to Art Trail Manawatū 2025!

Join us for a vibrant celebration of local creativity at our annual Manawatū Art Trail.

Free and open to all, this experience has been lighting up the Manawatū since 2017, driven by our ongoing mission to champion local artists and help foster sustainable careers in the arts.

Discover a rich variety of work across mediums—painting, printmaking, pottery, photography, textiles, glass, sculptures and more. Step into the world of our artists through open studios, where you can watch them in action, learn about their process, and even get involved yourself.

This is more than just an exhibition—it's a chance to connect with the people behind the art and support them directly. If you find something that speaks to you, take the opportunity to purchase a unique piece and bring a part of the region's creative spirit home with you.

A heartfelt thank you to our funding partners:
Major Events - Palmerston North City Council
/ Creative Communities - Manawatū District Council
/ Creative Communities - Rangitikei District Council.

Call for exhibition proposals 2026

Are you an emerging or established artist, group, or collective with a strong practice and some great ideas for an exhibition? Square Edge are keen to support a wide range of artists and ensure our visitors have opportunities to see some interesting work. We would love to hear from artists working in diverse media and Kaupapa including cultural, street art, digital, textile and social justice.

To submit an online proposal visit: www.communityarts.org.nz/exhibit-with-us

Proposals for 2026 close on November 30, 2025.

Venue Hire

Did you know that Square Edge offers five bookable spaces? We have two versatile workshop areas—the Creative Space and the Workshop. Additionally, there's the FX Theatre, equipped with a projector and sound system, the Loft Dance Studio, and the elegant Evelyn Rawlins Room, which also features a piano available for hire. We also host various workshops, courses and events in these spaces throughout the year.

You can book any of these spaces online at www.communityarts.org.nz under the HIRE A SPACE tab.

Art Trail Tips!

Allow **TIME**, at least 20-30 minutes per studio, a couple of hours for each hub space and travel time in between.

Plan which artists and studios you are most keen to visit and how much time your **ROUTES** will take. Break the trail into parts and do it over two days, for example Foxton to Palmerston North one day, Feilding and districts to Pohangina the next. Get a group together and share the driving, **CONNECT** with friends while enjoying a special day out.

Expect to find more gorgeous things than you have cash for! Some spaces will have EFTPOS but many will only accept Internet banking or **CASH**. You may wish to withdraw cash in town to take with you.

Bring along your **QUESTIONS**. The artists love sharing their process and vision with visitors, so please don't be afraid to ask! If you have a specific work in mind, then chat to our artists about a **COMMISSION** piece. Take artists' contact information away with you or keep this trail guidebook somewhere safe so you can message the artists whose works you love when you need a gift down the track.

Share your **EXPERIENCE** on social media to help us promote this free event. Scan the QR code, go to the link, take our **SURVEY** and be in the draw to win a prize!

Art Trail workshops!

Look out for FREE artist workshops over the month of October. Learn a craft, practice a technique, get tips from professionals, make ART! Workshops will cater to all skill levels. For details, see the Square Edge website and social media.

Art Trail demonstrations

Many of the open studios will have artists working while you visit. Their demonstrations vary from watching a process happen through to interactive experiences—you'll see the small play icon next to those who have this on offer.

An aerial photograph of a long, curved wooden bridge spanning a dense green forest. The bridge has a dark wooden deck and railings. A person is walking on the bridge. Several white lines with circular endpoints point to different locations along the bridge and in the surrounding forest, each accompanied by a text block.

There's something for everyone at Munch on Broadway. Start the day with an inclusive breakfast.

Take a short stroll to Berryman's Lane and discover a hidden pocket of street art in the heart of the city.

Head to the iSite and pick up a self guided map to see where all the public art can be found around town.

Skip your way to Te Manawa, where art, science and heritage come together.

Treat yourself on George Street, where boutique shopping meets local charm offering crafts, fashion, cafes and restaurants.

The Hokowhit Farmers Market runs on the first and third Sunday of every month and offers a range of artisan and local produce.
